

CHIMI FARM FIELD TRIP

FIELD TRIP TO CHIMI FARM: A DAY TO REMEMBER

Last week, our Caterpillar/Cocoon class embarked on an exciting adventure to Chimi Farm. The day was filled with educational experiences and unforgettable memories.

What a day!!

Potato Harvesting and Grapevine Picking

At Chimi Farm, our little explorers had the opportunity to roll up their sleeves and get their hands dirty. They participated in the fascinating process of potato harvesting and grapevine picking, learning about the importance of agriculture and where some of their favourite foods come from.

Ostriches, Horses, Porcupines, and Piglets

The farm life experience didn't stop at crops; our children had the chance to meet and interact with a variety of farm animals. They fed the majestic ostriches, groomed the friendly horses, and even had the chance to cuddle with the adorable piglets. They also made the acquaintance of a curious porcupine, a unique encounter that left them in awe.

Feeding the Fish

Our young explorers experienced the wonders of underwater life by feeding the farm's fish. This hands-on activity allowed them to connect with nature in a new and exciting way.

A MEMORY TO LAST!!!

Meeting the Farm Animals

Reflecting on the Adventure

During the picnic, the children had the opportunity to reflect on their experiences by filling in a checklist. This helped them recap the highlights of the day and reinforce the educational aspects of the trip.

Special Guests

We were delighted to have some of our wonderful mummies join us on this special field trip. Their presence added an extra layer of warmth and excitement to the day.

A Yummy Picnic

After a fun-filled day of exploration, it was time for a well-deserved break. Our little adventurers enjoyed a delicious picnic, savouring their favourite snacks and sharing their stories from the day.
